Details

- + Anti-vibration system: Permanently safe, pleasant working conditions with minimum vibrations and outstanding noise damping.
- + StarlockPlus tool mounting: Work faster and with higher precision thanks to 100% no-loss power transmission.
- + QuickLIN: Tool change in under 3 seconds with a patented, tool-free, FEIN rapid-clamping system.
- + With the StarlockPlus tool mounting, you have access to around 100 FEIN accessories in the Starlock and StarlockPlus performance categories.
- + DC motor: Effective, high-torque motor technology for output that is virtually identical to that of the model with a cord.
- + Tacho generator: Constant speeds, even under load, and infinitely variable electronic speed control.
- + Metal drive head: High load capacity and maximum service life, since all drive head parts are made of metal.
- + Mechanical interface: For stationary use in the table or drill jig holders, or to attach depth stops.
- + Electronic cell protection (ECP): ECP protects storage batteries against overloading, overheating and deep discharge.
- + COOLPACK technology ensures a longer storage battery service life, enabling longer operation times.
- + The battery capacity can be read directly on the battery.
- + Compatible with AMPShare/Bosch Professional 18 V batteries from 2008 on.
- + Perfectly equipped for any job with our L-BOXX system.
